Dear Mr. Silver:

be sent /
concerning you a
reproduction to which

2120

I have your letter of 5 April. I have sent you a color picture of the Agency and the shield reproduction to which you referred.

Insofar as the photography goes, I think our original offer still stands. As I understood from you on the telephone some time ago, there was some feeling from your side rather than from ours that you should not go on with the live filming. If you can get this cleared up from your side, I see no reason why we cannot return to the status quo ante.

Sincerely yours,
